PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with a background in Agricultural Economics and hands-on experience turning raw data into actionable business insight. Skilled in SQL, Excel, Power BI, Power Query, and SPSS, with a track record of cleaning and analyzing large datasets, identifying root causes of business problems, and delivering clear, data-driven recommendations to stakeholders. Seeking to apply strong analytical and problem-solving skills to help an organization make faster, better-informed decisions.

CORE SKILLS

Data Analysis and Visualization: Excel (VLOOKUP, XLOOKUP, Pivot Tables, Conditional Formatting, Power Query, Charts & Dashboards), Power BI, SPSS (Correlation, Regression, Descriptive Statistics), Google sheet, Powerpoint

Databases and Querying: SQL (PostgreSQL) — joins, filtering, and aggregation for multi-table analysis

Analytical and Professional Skills: Statistical Analysis, Quantitative Analysis, Report writing, Critical Thinking, Problem Solving, Research, Attention to Detail, Decision Making, Communication, Team collaboration, Time management

PROJECTS

Economic Analysis

Oct 2025 – Jul 2026

- Extracted, cleaned, and validated survey data from 250 Student using SPSS and Excel, ensuring the dataset was accurate and analysis-ready.
- Transformed and analyzed the cleaned data in SPSS to identify the root cause of a decline in profit.
- Developed reports and presented insights from analyzed data to support decision making and research objectives.

Product Sales Analysis

Jun 2026

- Wrote SQL queries with joins to extract data from 7 relational tables in a products database.
 - Transformed and filtered the data using aggregation functions to streamline the reporting process.
- Interpreted results and recommended data-driven solutions to address business problems

Customer Sales Analysis Project

May 2026

- Collected, cleaned, and analyzed 4,116 sales records using Excel.
- Built an interactive Excel dashboard to visualize key sales insights for stakeholders

EXPERIENCE

Research Intern- Olabisi Onabanjo University
2026

Jan 2026 – Aug

- Conducted quantitative research involving survey design, data collection, and statistical analysis.
- Collected, cleaned, and analyzed rural household data using Microsoft Excel.
- Maintained and verified datasets to ensure accuracy, consistency, and reliability of research findings.
- Developed reports and presented insights from analyzed data to support decision making and research objectives.

Sales Representative- Modave Scent Retail

Jan 2021- Present

- Used Excel to prepare accurate monthly sales and payment reports supporting strategic planning.
- Increased brand awareness by over 60% through consistent daily advertising and promotional campaigns.
- Strengthened customer loyalty and increased revenue by implementing effective sales strategies and timely follow-ups.

EDUCATION & QUALIFICATONS

Olabisi Onabanjo University, Ago-Iwoye, Ogun State.

Bachelor of Agriculture (B.Agric) – Agricultural Economics

(2022 – 2026)

First Class Honours

Thesis: Economic Analysis on Early and Late Maize Production Among Farmers Applied statistical methods to analyze survey data and socioeconomic variables.

Certifications & Courses

Data Analysis Certificate -Data Camp

Excel Fundamental - Data Camp

Data Analyst In SQL - Data Camp

Data Analyst in Power BI – Data Camp

LEADERSHIP & VOLUNTEERING

• Tutor/Mentor for quantitative and economics courses

• Data Collection/Research on Unilag Engineering student, Research project

2026
